

## Native Plant Sale Pick-Up Instructions

Thank you for supporting Master Gardener projects in Benton County. We are completely self-supporting, so your plant purchase helps us fund our programs that grow better gardeners in our community.

### Instructions for drive-through pick-up:

**Where:** County Sunset Building at 4077 SW Research Way, Corvallis. Watch for the signs showing the entrance.

**What:** Have your **order number** handy so we are sure to get your correct order. This will speed up the process. You'll find your order number on the email receipt you received from WIX right after you ordered and on the email that you received about pick up on Monday, May 17. Can't find it? Check your spam folder or email us: [bcmgplantsale@gmail.com](mailto:bcmgplantsale@gmail.com).

**How:** Please stay in your car. Get out only if you need to open the back of your car. Wear your mask. We will deliver your purchase to your vehicle.

**When: Saturday, May 22.** Your pick-up time is determined by your order number. Find your order number on the chart below to find your appointment. If you placed more than one order, please come at the earlier time.

If you can't make your assigned pick-up time, have a friend pick it up, if possible. Be sure to give your friend your order number. Or come at the Make-up time at the end of the chart.
